

IMPORTANT INFORMATION

BARFORD + CO COMBINES FORCES WITH BROWN & CO

We are delighted to announce that Barford + Co has joined forces with Brown & Co, the multi-disciplinary firm of Chartered Surveyors which operates across the eastern region of the UK. This strategic move is intended to ensure continuity and expand the services and value we provide to our clients.

You will initially see little change other than a different company name and letterhead. We will operate as Brown & Co Barfords and our new logo is shown above. Sheila Smyth has become a partner of Brown & Co LLP. Martin Page and Phil Halmshaw have become Consultants and David Barford will continue in his current consultancy role. There will be little change to the service and staffing from our St Neots office. We very much intend to maintain the same high quality of service our clients have come to expect but we will be able to add additional services, scale and value as a result of this merger. Our practice will be greatly strengthened and deepened as a result of the addition of architectural services, residential agency, agricultural land agency, auctions and advice on renewables. In addition, Brown & Co have one of the Country's leading agricultural business consultancies, and the advantage of being able to call on a very wide range of expertise across all land and property sectors and disciplines.

Brown & Co employs over 220 staff and will now operate from 13 UK offices, largely in East Anglia and the East Midlands, together with offices in Poland, Romania and the Caribbean and an associate in Argentina. Together, we have what we consider to be unparalleled experience and ability in commercial and residential property, land agency and agricultural business consultancy. Further information can be found at www.brown-co.com.

Our team are very pleased to be joining with Brown & Co, and believe that all our clients, applicants, fellow professionals and other contacts can only benefit from this merger involving a friendly and professional firm with which we share so much in common.

Please note that all our phone numbers remain unchanged but our new email addresses are now as shown below. We would be grateful if you would amend your contact records accordingly.
